

ZyXEL SMB Competitive Model Matrix

SMB

ZyXEL Model		Features	Competing Models				
Unmanaged Switches			3Com	Cisco-Linksys	D-Link	NetGear	TRENDnet
	ES-105S	5-Port fast Ethernet Unmanaged switch. Plug-and-play setup power-saving feature offer great value	LB8505A-R2	EZXS55W	DES-1105	FS105	TE100-S50g (Version v1.0R)
	ES-108S	8-Port fast Ethernet Unmanaged switch. Plug-and-play setup power-saving feature offer great value	LB8508A	EZXS88W	DES-1108	FS108	TE100-S80g (Version v1.0R)
	GS-105B	5-ports of Gigabit power. Plug-n-Play, Unmanaged switch	N/A	EG005W	DGS-2205	GS105	TEG-S5g (Version 1.0R)
	GS-108B	8-ports of Gigabit power and Zero-configuration. Great value	LEH808-2G	EG008W	DGS-2208	GS108	TEG-S80Dg (Version v1.0R)

ZyXEL Model		Features	Competing Models				
Managed Switches			3Com	Cisco-Linksys	D-Link	NetGear	TRENDnet
	ES2108	Featured packed and affordable 8 ports, layer 2 managed fast Ethernet switch. PoE version also available: ES2108PWR	3CR 17331-91	CE500G -12TC	DES-3010FA	N/A	TE100-S800i
	ES2108G	8-port Managed Fast Switch. Dual personality Gigabit uplink port for fast connection to the rest of your network.	N/A	SPS208G	DGS-3200-10	GS108T	TEG-S811Fi
	ES2024A	24 port managed switch with 8.8Gbps non-blocking architecture for high speed networks. Advanced features come standard with this series. Power-over-Ethernet version also available: ES2024PWR	3CR 17333-91	SPS2024	DES-3526	FSM 726-300	TEG-S2620is

ZyXEL Model		Features	Competing Models				
Pro Wireless			Cisco-Linksys	Fortinet	NetGear	SonicWall	WatchGuard
	NWA 3160	802.11 a / g Access Point featuring Dual Frequency Band operation. Hybrid AP doubles as WLAN controller.	WAP4410N	DAP-2553	WAG102	Business Access Point120	ZoneFlex 7762
	NWA 3163	Hybrid Access Point and WLAN controller with built-in high powered 802.11b/g radio. PoE support	WAP4400N	DWL-3200AP	WG302	WLAN Access Point 2330	ZoneFlex 2942
	NWA 3166	Hybrid 802.11n Access Point and WLAN controller. Features include multiple SSID, QoS for multi-media. PoE support.	WAP2000	DWL-3140AP	WNAP210	WLAN Access Point 8120	ZoneFlex 7942
	NWA 3550	Outdoor Wireless Access Point with Dual band, dual radio. Configurable dual radio with variety of external antenna options.	WAP200E	DWL-7700AP	WNDAP 330	WLAN Access Point 2332	ZoneFlex 7731
	Ext-105	5 dBi Extended Reach Antenna for better reach and transmission. May need two units for better performance					

ZyXEL Model		Features	Competing Models				
			Astaro	Fortinet	NetGear	SonicWall	WatchGuard
Security	USG Series	Enterprise class network protection for small businesses. High throughput firewall/VPN. IDP, Anti-Virus and Content Filtering services from top vendors. Easy installation with web wizard. Automatic traffic provisioning for better performance					
	USG20	Recommended for SOHO and tele-commuters who need secure connection to the corporate networks	Astaro Security Gateway 110	FORTIGATE-200A	ProSafe FVG318	NSA 2400	X10e-W
	USG50	Recommended for Small Businesses and Branch Offices with up to 10 users	5510 Security Plus	DFL800	SRX-210 + AX411	UTM10	TZ210
	USG100	Recommended for Small Businesses with up to 25 users	ASG 110	FORTIGATE-200B	ProSecure UTM25	NSA 3500	X550e

Why ZyXEL

Performance	Security	Management
<p>ZyXEL delivers on performance</p> <ul style="list-style-type: none"> • Wireless coverage across every band: 802.11a/b/g/n delivers data transfer rates of up to 300Mbps*. • Ethernet expansion to suit your needs: Non-blocking architectures and dual personality ports (GE copper or fiber SFP) for high speed configurations. • High-throughput firewalls to maximize your network Security becomes meaningless if it cripples your throughput. 	<p>ZyXEL enables comprehensive security</p> <ul style="list-style-type: none"> • Network security to meet today's needs: ZyXEL's USG line reaches beyond the ICASA-certified firewall, incorporating IDP, Anti-Virus, Anti-Spam, Application Patrol, and Content Filtering - all to protect your network. • Encryption technology to suit any user: USG ups the stakes with Hybrid VPN delivering IPsec and SSL based VPN. • Redundancy: Should we say it again? • Wireless LAN protection that works: Industry leading WPA2 with AES encryption to ensure your network remains yours. 	<p>ZyXEL simplifies management efforts</p> <ul style="list-style-type: none"> • Multiple device management at a single point: <ul style="list-style-type: none"> - iStacking™ technology manages up to 24 switches by one IP - Hybrid AP controls up to 25 APs from one device - Vantage CNM manages firewalls across networks • Wide-ranging sophisticated management: Utilizing HTTP/SSL, CLI/SSH, Centralized Logs, SNMP, Attack Alerts, Statistics Reports, or our centralized network management options, ZyXEL always has an solution simple for you.

*Maximum wireless data rate derived from IEEE Standard 802.11 specifications. Actual data throughput may vary depending on network conditions and environmental factors.
