

It's iAllworx Time Somewhere

Allworx is headed back to VoIParitaville with an all-new bundle. Now no matter where you are, it's always iAllworx time somewhere. With the "It's iAllworx Time Somewhere" bundle, Allworx is bringing unified communications to the SMB space with great features such as the iAllworx app, presence management, TAPI integration, voicemail to Outlook integration, and call recording!

The "It's iAllworx Time Somewhere" bundle consists of the following:

- One 6x Phone System equipped with System 7.1 Software (enabled to upgrade to 7.2 at no charge within 90 days)
- Two 9224 IP Phones
- One Allworx Tx 92/24 Expander
- Four 9212 IP Phones
- Automatic Call Distribution
- Call Assistant
- Conference Center
- Mobile Link (supported by iAllworx, available for free at the **Apple Application Store**)

Now is not the time to be lounging underneath a palm tree. Order the "It's iAllworx Time Somewhere" bundle (**part number: 8200064**) from your distributor today and receive the following pricing:

Standard MSRP: \$6,373 | Regular reseller price: \$3,610
Bundle reseller price: \$2,000 ... a \$1,610 savings!

Terms and Conditions:

- Available through March 31, 2011 or while supplies last from Allworx Authorized Distributors.
- All iAllworx Time Somewhere (ATS) bundles must be ordered using Part # 8200064.
- Additional phones and software keys may be purchased at current partner pricing. See price schedules on the Allworx Portal.
- Allworx reserves the right to modify or cancel the terms and conditions of the program at any time.
