

## **FULL-SERVICE CUSTOM FIBER CABLING SOLUTIONS**

As operators upgrade and modernize their networks to keep pace with growing demands from new technologies, partnerships with trusted professionals is essential. Walker is uniquely poised to be your OSP partner, not only with fiber cable, but also with the associated equipment and services that matter to anyone involved in designing, building and maintaining networks.

Walker maintains a full-service fiber cable facility at its Winston-Salem, NC Distribution Center. This resource, dedicated to stocking large fiber reels, enables Walker to support customer fiber demands. With 24,000 square ft of outdoor space allocated, Walker currently stocks bulk cable from multiple manufacturers in addition to the fiber equipment necessary for FTTx projects, central office redesigns and more.

## **FIBER CUTTING AND RE-SPOOLING SERVICES**

Walker strives to provide a single source for customer needs, offering services as well as products. Our expansive range of logistics services provides customers with worry-free supply chain management. Fiber cutting, re-spooling and an expansive inventory of outside plant bulk fiber cable has positioned Walker to support customer project needs no matter what the project size.

## **FIBER NETWORK ARCHITECTURE AND DESIGN**

An integral part of Walker's professional services include network architecture, design, and implementation of connectivity and networking products. Walker provides turnkey services for fiber network deployments including engineering, installation, integration, and project management services.
